

# HT730

## 4" Rugged Handheld Terminal

20 m reading distance | 2X2 MU-MIMO WLAN | 6700mAh hot swap battery | IP67 protect & 2.4 m Drop

### Ergonomic One-Hand Operation with Large Keypad

Featuring a 4-inch display and 400nits brightness, the HT730 provides users to check feedback of the scanned information and easy viewing in outdoor environment. It comes with a large-size 38-key keypad as well as dual scanning buttons for instinctive data entry and barcode capturing that enables the users to carry out inventory checks and maintain accuracy easily. Moreover, equipped with special silicon materials and backlight design, it provides the reliability to 2.5 million lifetime clicks for long term abrasion protection.

### Superior Imaging Technology

Ideal for tasks that require heavy scanning, the HT730 is built-in a powerful megapixel 2D scanning engine with a wide variety of 30 degree scanning tilt down design. The device supports full barcode symbologies including 1D, 2D, Dot Code and OCR as well as boosts your scanning performance at a speed of 60fps. It also delivers motion tolerance of up to 5m/s, the HT730 increases the operational effectiveness even while moving.

### Boost Wireless Communication Performance

The HT730 supports 2x2 MU-MIMO antennas that boost the wireless performance. Built in 4G dual-SIM slots, it provides double signal coverage and real-time communications even in different countries. Furthermore, it has a 13MP camera that gives an easy way to proof of delivery or shipment issues.

### No Downtime with True Hot-Swap Battery

Featuring how-swap technology, the HT730 allows batteries to be swapped without interrupting within 1 minute. With a long-lasting 6700 removable battery, the HT730 allows continuous use for 10-12 hours operation and it is easily replaced while running out of power seamlessly.

### Ultra-Durable & Flexibility Accessories

Design for the harsh environments, HT730 features ultra-durable design to withstand 1.8 m / 2.4 m (with bumper) drop to concrete and IP65 / IP67 environmental seal against water and dust. Moreover, the HT730 offers various options including standard, 2D long-rang gun grips that enhance the ease of uses and increases staff comfort for inventory tracking and taking solutions.

### Features

### Staging and Management

**MoboLink**

Android Enterprise ready EMM for monitoring device health and managing apps, configs and files.

**StageGO**

Barcode-based device staging utility offering hundreds of script commands for you to work with.

**OEMConfig**

If you are using a third party EMM, OEMConfig will allow those EMM solutions to configure unitech specific settings on the device.

**Enterprise Launcher**

Secure your devices by kiosking them with Enterprise Launcher. Block access to the Android system and only allow limited number of apps to be run.

**Battery info**

Monitor advanced Battery health and manage the battery replacement cycle. Use with MoboLink to get real-time battery health alerts delivered to your phone.

**Software Update**

Check and install software updates online. To let a device always stay up-to-date, setup the device to automatically check and install for updates on boot up.

**System Update Center**

Check and install firmware updates via FOTA. You can update the firmware via online FOTA server, or by using a OTA ZIP file placed in the internal storage.

**App Update Center**

APKs install with App Update Center can remain intact even after factory reset.

### Productivity and Utilities

**File Manager**

Manage files and folders on all the internal and external storage options

**UNote**

A simple text viewer and editor for use in your work flows.

**Startup**

Auto-run apps when device boots up.

**KeyRemap**

Reprogram physical buttons to act as another key or to launch an app.

**Ivanti Velocity**

Android Terminal Emulator from Ivanti giving your workers the right tools to be more productive.

**NTP Server Settings**

Customize the NTP server setting to keep your device date and time synchronized.

**WLAN Advanced**

Configure advanced WiFi parameters.
